\*Please note: In our printed material and on our web site, we only list starting times and state that competitors must register 30 minutes prior to that time. In addition, we **do not** list rain dates. We recommend that competitors contact you to confirm the date, time, and location of your event two weeks prior to the contest. If the date, time, or location changes for your event, please notify us ASAP so that we can update our materials and web site accordingly.
